In The Meadow is card in the middle.

A super easy, super quick technique. You get a different, yet equally lovely, result each time you use it. Choose your colours (I normally use 5) and get your Markers to the ready. Tempting Turquoise, Old Olive, Melon Mambo, Daffodil Delight, Rich Razzleberry.

With Block C, short end up, apply colours in stripes, using brush end of marker. Apply some water to the inked block using spritzer. If this is your first attempt, practice on your graph paper/scrap paper to make sure you are happy with the amount of water you are applying. Turn over on to your card base and carefully set down in desired position. You will see the ink merge under the block. Give it a few seconds to settle, then lift off. Use heat gun to dry (or let dry naturally) before stamping.
