Design Credit: - Pinterest

- Basic Black – cardbase folded
- Whisper White Mat – adhere to top section of card front
- DSP – adhere to bottom section of card front
- Basic Black strip – adhere at the join of previous pieces
- Mat 1, 2, 3 – layer up and adhere to card front
- Artwork – using Basic Black marker, add colour to bear front stamp and stamp to cardstock. Stamp bees. Colour bees with crushed curry marker. Add flight dots with basic black marker. NB: the bees stings are in their tail end not their noses (lol)
- Colour bear with Sahara Sand ink and Blender Pen. Be aware of the possibility of colour bleed from the black ink. So try to be careful along the edges. Adhere the piece to the matted layers on card front.
- Stamp beehive on crushed curry cardstock and daisy on whisper white cardstock. Die cut these. Colour daisy with Garden Green and Crushed Curry Markers.
- Stamp sentiment on to whisper white cardstock and punch out. Assemble Sentiment Mats and mount on dimensionals to card front.
